

ZIP FILE INSTRUCTIONS FOR RIT CAD TEMPLATE

1. **DO NOT** OPEN THIS FILE WITH THE OPEN OR DOUBLE CLICK COMMAND.
2. **DO USE** LEFT MOUSE CLICK - SAVE. Choose a location to save the file. Close the web window. Locate the ZIP file in the saved location.
3. **RIGHT MOUSE CLICK** - Use the **Extract To** command to transfer all the files in this .Zip to a folder on your local machine or company server. This will preserve the file structure needed to do the following installation.
4. **Install** instructions for each support piece are filed in the "Instructions for Installing RIT CAD Template" folder.
